13) Under G.O dated 10th Aug 1907, a conveyance allowance of Rs 50 is sanctioned to the Health officers of the cities of Bangalore, Mysore and the K.G.F. On account of the costliness of living in the K.G.F, it seems that the H.O there is entitled to a greater allowance than the Health officers of the other two places. The Sanr Commr recommends that a local allowance of Rs 100 may be granted to him and the Sanr Board are willing to grant the same - when the other officers in the place are enjoying similar local allowances, there seems to be no reason why it should be denied to the Health Officer.

It is no doubt true that living in the Kolar Gold Fields is expensive and in consideration of that fact, Officers stationed there are given local allowances. 30 Under Government Order No.1378-92/San.93-96-8 dated 10th August 1907, the pay of the Health Officer of the Kolar Gold Fields is Rs.250-$\frac{50}{2}$-400, with a conveyance allowance of Rs.50 per mensem, and Mr. Jamshyd Munsiff was appointed to the place on this scale of pay under Government Notification No. 12475 dated 29th May 1908. The Sanitary Commissioner has now recommended that, in view of the costliness of living at the Gold Fields, and of the fact that other Government officers stationed there receive local allowances, a local allowance of Rs.100 per mensem may be given to Mr. Munsiff. The Gold Fields Sanitary Board is in favour of the proposal and has agreed to give the allowance out of its funds.

31 The place of Health Officer of the Gold Fields was filled up after advertising the vacancy and the terms of the appointment. Mr. Munsiff accepted the terms and joined the appointment so recently as July 1908. And there does not seem to be sufficient reason for materially adding to his emoluments

so early. But the First Councillor, for the reasons given in his note of the 1st instant, is in favour of the Sanitary Commissioner's recommendation being sanctioned.

Sir,

I have the honor to inform His Highness's Gover ment that Dr. Munsiff, Gold Fields Health Officer, has asked fo a local allowance, on the ground that the Fields are exeeptiona costly and that all other Government officers there are getting it. The conveyance allowance of Rs. 50 which he now draws, as provided in the Public Health Scheme of the 10th. August 1907 is scarcely adequate for maintaining his animals (he has to keep at least two horses) and conveyance, and the amount of iti neration he has to do on such a large area with so many disper- sed villages, quite unlike Bangalore or Mysore, entails such a drain on his resources that it is but fair that his allow- ance should be different from those of the other two cities and on a higher scale, sufficient to enable him to discharge his du ties satisfactorily. This conveyance allowance besides is merely in lieu of the usual travelling allowances he would otherwise be entitled to draw under the Service Regulations, like the District Medical and Sanitary Officers, which for the amount of itineration he has to make would be very great.

I would therefore, under the circumstances recommend tha a local allowance of Rs. 100 may be granted to him. Dr. Mun- siff with his qualifications and arduous work, richly deserves the concession, which has been granted to other Government Officers on the Fields, owing to special local circumstances which
